General Meeting, Tuesday, November 8, 2016
Jeff Rosen, SCC District Attorney, “Race and Prosecutions in SCC”

“Is there racial unfairness in our criminal justice system? How would we know? If there is racial unfairness, what should be done?” The SCC District Attorney’s Office has completed a three-year study that provides some answers, but raises more questions.

Mr. Rosen joined the SCC DA’s Office in 1995 and was elected District Attorney in 2010. He has successfully prosecuted many complex and high-profile criminal cases. Before joining the DA’s Office, he practiced commercial litigation in Los Angeles and Washington, D.C. Mr. Rosen graduated from UCLA where he majored in Philosophy and received his law degree from UC Berkeley’s School of Law. Mr. Rosen is active in the community, having served as president of a large synagogue, taught trial advocacy to law students and trained police officers in report writing.

Join us in the auditorium of Good Samaritan Hospital (in the basement of the main building) at 7:30 P.M. for an informational meeting followed by the presentation and Q&A from 8-9 P.M.

NOTE: Good Samaritan Hospital is located at 2425 Samaritan Drive, San Jose. You can find directions at www.maps.yahoo.com.

NAMIWalks Silicon Valley Updates

The Day of the Walk: On Sat., Sept. 17, the sun shone brightly on our very first NAMIWalks Silicon Valley. Almost 1,000 team captains, walkers, sponsors and volunteers came together at Arena Green West in Guadalupe River Park to raise funds for NAMI’s programs and bring awareness about mental health issues. Joining NAMI Santa Clara County were NAMI San Mateo County and NAMI Alameda County.

Vic Ojakian, NAMI SCC Board president, was master of ceremonies and speakers included Premier Sponsors Mary Alexander & Gini Mitchem; NAMI SCC’s Executive Director Kathy Forward; and State Senator Jim Beall who told the crowd that California, and especially Silicon Valley, is a leader in creating laws to provide more funding for mental health. Amid the very joyful and festive atmosphere came a time of reflection when Pastor Cindy McCalmont gave an inspirational message and led everyone in a moment of silence for those who have lost loved ones to mental illness. This was followed by the release of 10 doves. Just prior to the Walk countdown came the parade of Team Captains—more than 80! Aztec dancers and a Mariachi band entertained the walkers. Everyone had a wonderful time!

Exciting News: Our $210,000 goal was surpassed by $10,000 the morning of the Walk—and we’re still raising funds. The goal was increased to $250,000 with unanimous approval from everyone present. Fundraising continues until November 5.

See the link below for access to photos. We will have final numbers and photos next month.

NAMI SCC Holiday Gift Drive 2016 (See Flier)

In 2015, we distributed gift bags to more than 700 consumers at local hospitals, self-help centers, churches and homeless shelters. We want to do the same this year. With your help, we will be able to do so.

Please see the flier enclosed with this newsletter for specific information about the types of items we need, as well as how to donate via Amazon.

Important Dates for the Holiday Drive

❖ Wed., Nov. 30
Due date for donations to the NAMI SCC office.
Monetary donations are always welcome.

❖ Fri., Dec. 9, 10:30 A.M.-1:30 P.M. & Sat., Dec. 10, 1-3 P.M.
Holiday helpers are needed at the NAMI office. To sign-up, please call the office.
In terms of mental health treatment, we know that there are drastic differences in the ability of youth and families to receive care as compared to other illnesses. This disparity led to the formation of the Bay Area Children’s Association (BACA). Dr. Tom Tarshis, founder of BACA, with a BA in Zoology, MPD in Epidemiology and MD in Psychiatry, is striving to make a difference.

There is a crisis in the mental health system when the fourth leading cause of death among youth ages 5 to 24 is from suicide. Half of all mental illness begins before age 14, and three-fourths before age 24. Yet, the average delay before treatment occurs is 8 to 10 years.

The wait time, lack of resources, lack of insurance and screening problems have led to inadequate mental health care for youth. Care fragmentation in the current system for children and parents in school and social services results in inadequate coverage.

BACA is beginning to address these issues through continuity of care (school and home). The best model of care should include:

- Child Individual Treatment
- Family Treatment
- Caregiver Treatment (Individual/Couples)
- School Interventions
- Primary Care Collaboration

In the U.S. today, there are 8,000 practicing child psychiatrists, and we need more than 30,000. In the Bay Area, 3,000 are needed, but there are only 1,000. According to Dr. Tarshis, the solution to this shortage is to involve other mental health clinicians: psychologists, therapists and social workers.

Currently, BACA has 13 child psychiatrists on staff.

Advice for Parents: Ask questions; speak to your mental health providers about best scientific methods to treat your child’s symptoms; challenge insurance companies; become familiar with the term “Evidence-Based Medicine” (EBM) and challenge care providers to deliver the best EBM possible, meaning scientific, integrated care in one setting.

Advocacy: It is morally and ethically wrong for youth with mental illness to not receive the same quality and level of care as youth with other illnesses.

Schools: Fight against old policies and demand that schools provide harassment-free environments for learning as required by law.

BACA has two locations. In Santa Clara County, BACA is located at 1175 Saratoga Avenue #14, San Jose. For info, you can go to www.baca.org.
