Alcohol & Drug Sobering/Mental Health Triage

This center provides drug, alcohol, and mental health triage and support services and is an alternative to incarceration or emergency dept. visits for individuals under the influence of alcohol or other drugs or experiencing mental health crisis. The goal for this service is stabilization and linkage to services, and treatment. The stay is voluntary and individuals can stay up to the 24-hour mark.

Benefits

- Avoids unnecessary incarceration or emergency dept. visits for individuals
- Reduces trauma to those experiencing crisis
- Staffed by medical and support specialists
- Officers drop off clients in less than 5 mins
- Increases public safety - officers return to patrols sooner
- Linkage to services and treatment

Admission Criteria

- At least 18 years of age
- Under the influence of alcohol/other drugs and/or experiencing a mental health crisis
- Does not meet criteria for a 5150 hold
- Voluntary
- Medically stable - no acute medical conditions
- Ambulatory
- Not combative or physically violent

Transportation

Trained health staff can also assess and pick up individuals in the field.
