A mentor can give you **support** for the next 4 months.

A mentor is committed to learning not only how to live with his or her own illness but also **how to grow and thrive**.

A mentor won’t tell you what to do or have “the answers” but will be there to **listen** and **support** you in YOUR wellness goals.

The end benefit is for you to **recover** and to **find your way to wellness** — whatever that looks like for you.

*If you are interested in having a mentor, talk with your social worker*

A Program of:

**Santa Clara County**
