

Do you have substance use disorder?

We are looking for participants to take part in research study that involves a 1-hour anonymous phone interview.

You may be eligible if

1. You are at least 18 years of age
2. You are fluent in English
3. You self-identify as female
4. You self-identify as Asian American or Pacific Islander
5. You self-identify as having a history of a substance use disorder

Participation involves:

- A short survey takes no more than 5 min before the phone interview
- Answering questions about substance use and recovery experiences via phone

All eligible participants will receive \$20 upon completion of all study assessments.

Please contact us about participating:
